To: **The Shareholders of Straco Corporation Limited**

Dear Sir/Madam

PROPOSED RENEWAL OF THE SHARE BUY-BACK MANDATE

1. INTRODUCTION

The Directors wish to refer to (i) the Notice of AGM dated 5 April 2022, accompanying the Annual Report 2021 to convene the AGM to be held on 27 April 2022; and (ii) the ordinary resolution to seek Shareholders' approval for the proposed renewal of the general mandate to be given for the purchase or acquisition by the Company of its own Shares (the "**Share Buy-Back Mandate**").

The purpose of this Circular is to provide the Shareholders with information relating to and to seek the approval of Shareholders at the AGM for the renewal of the Share Buy-Back Mandate as set out in this Circular.

2. PROPOSED RENEWAL OF SHARE BUY-BACK MANDATE

2.1 Background

It is a requirement under the Companies Act that a company which wishes to purchase or otherwise acquire its own shares has to obtain the approval of its shareholders to do so at a general meeting of its shareholders. It is also a requirement under the Listing Manual that an issuer which wishes to purchase its own shares has to obtain approval from its shareholders to do so at a general meeting. Shareholders approved the renewal of the Share Buy-Back Mandate on 27 April 2021 to enable the Company to purchase or acquire its issued Shares. This approval conferred on the Directors will, unless further renewed, be expiring at the forthcoming AGM to be held on 27 April 2022.

The Company proposes to renew the Share Buy-Back Mandate at the forthcoming AGM for the Company to make on-market and off-market buy-backs of Shares from time to time of up to ten per cent. (10%) of the total number of issued Shares of the Company in accordance with the terms set out below.

LETTER TO SHAREHOLDERS

Upon renewal, the Share Buy-Back Mandate shall, unless revoked or varied by the Shareholders in general meeting, continue in force until the date that the next AGM of the Company is held or is required by law to be held, whichever is the earlier.

2.2 Rationale for the Share Buy-Back Mandate

The proposed Share Buy-Back Mandate will give the Directors the flexibility to purchase or acquire Shares if and when circumstances permit. The Directors believe that Share Buy-Backs provide the Company and its Directors with a mechanism to facilitate the return of surplus cash over and above the Company's ordinary capital requirements, in an expedient and cost-efficient manner. The proposed Share Buy-Back Mandate would also allow the Directors to exercise greater control over the Company's share capital structure, dividend payout and cash reserves.

The Directors further believe that Shares purchases or acquisitions by the Company will help mitigate short-term market volatility in the Company's Share price, offset the effects of short-term speculation and bolster Shareholder confidence. The Share Buy-Backs will also allow the Directors to exercise control over the Company's share structure with a view to enhancing EPS and/or NTA per Share of the Company.

The Directors will only make Share Buy-Backs when they believe that it would benefit the Company and its Shareholders, taking into consideration factors such as market conditions and funding arrangements at the time.

2.3 Authority and Limits on the Share Buy-Back Mandate

The authority and limitations placed on the purchases and acquisitions of Shares by the Company pursuant to the proposed Share Buy-Back Mandate, are substantially the same as that previously approved by Shareholders, and for the benefit of Shareholders are summarised below:

2.3.1 Maximum Number of Shares

Only Shares that are issued and fully paid-up may be purchased or acquired by the Company. Further, the total number of Shares which may be purchased or acquired by the Company pursuant to the Share Buy-Back Mandate is limited to that number of Shares representing not more than ten per cent. (10%) of the issued ordinary share capital of the Company as at the date of the forthcoming AGM at which approval for the renewal of the Share Buy-Back Mandate is being sought. Any Shares which are held as treasury shares will be disregarded for purposes of computing the ten per cent. (10%) limit.

For illustration purposes only, on the basis of 854,965,680 Shares in issue (excluding the 13,963,900 Shares held in treasury) as at the Latest Practicable Date, and assuming that no further Shares are issued on or prior to the AGM, not more than 85,496,568 Shares (representing ten per cent. (10%) of the Shares in issue at that date excluding the 13,963,900 Shares held in treasury) may be purchased or acquired by the Company pursuant to the proposed Share Buy-Back Mandate during the period referred to in paragraph 2.3.2 below.

2.3.2 Duration of Authority

Pursuant to the proposed Share Buy-Back Mandate, the Company may buy back Shares at any time and from time to time on and from the date of the forthcoming AGM up to the earlier of:-

- (i) the date on which the next AGM of the Company is held or required by law to be held;

LETTER TO SHAREHOLDERS

- (ii) the date on which the authority conferred by the Share Buy-Back Mandate is revoked or varied by the Shareholders in a general meeting; or
- (iii) the date on which the Share Buy-Back is fulfilled up to the full extent of the Share Buy-Back Mandate.

2.3.3 Manner of Share Buy-Backs

Share Buy-Backs may be made by way of:-

- (i) on-market purchases transacted on the SGX-ST through the SGX-ST's trading system or, as the case may be, any other stock exchange on which the shares may for the time being be listed or quoted, through one or more duly licensed stockbrokers appointed by the Company for the purpose ("**On-Market Purchase**"); and/or
- (ii) off-market purchases (if effected otherwise than on the SGX-ST) in accordance with any equal access scheme defined in Section 76C of the Companies Act, and otherwise be in accordance with all other laws and regulations and rules of the SGX-ST ("**Off-Market Purchase**").

Under the Companies Act, an equal access scheme must satisfy all the following conditions:

- (i) offers for the purchase or acquisition of issued Shares shall be made to every person who holds issued Shares to purchase or acquire the same percentage of their issued Shares;
- (ii) all of those persons shall be given a reasonable opportunity to accept the offers made to them; and
- (iii) the terms of all the offers must be the same, except that there shall be disregarded:
 - (1) differences in consideration attributable to the fact that the offers relate to Shares with different accrued dividend entitlements;
 - (2) differences in consideration attributable to the fact that the offers relate to Shares with different amounts remaining unpaid; and
 - (3) differences in the offers introduced solely to ensure that each member is left with a whole number of Shares.

In addition, Rule 885 of the Listing Manual provides that, in making an Off-Market Purchase, the Company must issue an offer document to all Shareholders, which must contain at least the following information:

- (i) the terms and conditions of the offer;
- (ii) the period and procedures for acceptances;
- (iii) the reasons for the proposed Share Buy-Back;
- (iv) the consequences, if any, of Share Buy-Backs by the Company that will arise under the Take-over Code or other applicable take-over rules;
- (v) whether the Share Buy-Back, if made, could affect the listing of the Company's Shares on the SGX-ST;

LETTER TO SHAREHOLDERS

- (vi) whether the Shares purchased by the Company will be cancelled or kept as treasury shares; and
- (vii) details of any Share Buy-Back made by the Company in the previous 12 months (whether On-Market Purchases or Off-Market Purchases), specifying the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for the purchases, where relevant, and the total consideration paid for the purchases.

2.3.4 Maximum Price to be Paid for the Shares

The purchase price (excluding brokerage, stamp duties, applicable goods and services tax and other related expenses) to be paid for the Shares will be determined by the Directors.

However, the purchase price to be paid for a Share in the event of any Share Buy-Back, as determined by the Directors must not exceed:

- (a) in the case of an On-Market Purchase, 105 per cent. (105%) of the Average Closing Price; and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, 120 per cent. (120%) of the Average Closing Price,

(the “**Maximum Price**”) in either case, excluding related expenses of the purchase.

For the above purposes:

“**Average Closing Price**” means the average of the closing market prices of a Share over the last five (5) Market Days, on which transactions in the Shares were recorded, before the day on which the purchases are made, and deemed to be adjusted for any corporate action that occurs during the relevant five (5)-day period and the day on which the purchases are made.

2.4 Source of Funds

Under the Companies Act, any purchase of Shares pursuant to the Share Buy-Back Mandate may be made out of the Company’s capital and/or distributable profits that are available for payment as dividends. In addition, the Companies Act permits the Company to purchase its own Shares out of capital, as well as from its distributable profits as long as the Company is solvent. In addition, in the event that the Company elects to hold the Shares purchased pursuant to the Share Buy-Back Mandate as treasury shares, such treasury shares shall not be regarded for the purpose of computing the maximum number of Shares which the Company is able to buy-back under the Share Buy-Back Mandate.

The Company may use internal sources of funds (comprising cash and fixed deposits) or bank borrowings or a combination of both to finance purchases of its Shares.

Where the consideration paid by the Company for the Share Buy-Backs is made out of profits, such consideration will correspondingly reduce the amount of profits available for the distribution of cash dividends by the Company. However, where the consideration paid by the Company for the Share Buy-Backs is made out of capital, the amount of profits available for the distribution of cash dividends by the Company will not be reduced.

LETTER TO SHAREHOLDERS

2.5 Status of Purchased Shares and Financial Effects of Share Buy-Backs

The Shares purchased or acquired by the Company under the Share Buy-Back shall be deemed to be cancelled immediately on purchase or acquisition unless held as treasury shares in accordance with Section 76H of the Companies Act. The number of Shares held as treasury shares cannot at any time exceed ten per cent. (10%) of the total number of shares issued by the Company and the Company shall be entered in the Register of Members or the Depository Register, as the case may be, as the member holding those Shares.

Where Shares purchased or acquired by the Company under the Share Buy-Back are held as treasury shares, the Company may at any time:

- (a) sell the treasury shares (or any of them) for cash;
- (b) transfer the treasury shares (or any of them) for the purposes of or pursuant to an employees' share scheme;
- (c) transfer the treasury shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (d) cancel the treasury shares (or any of them); or
- (e) sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed.

Where Shares purchased or acquired by the Company under the Share Buy-Back are cancelled, such Shares will be automatically de-listed by the SGX-ST. Certificates in respect of such cancelled Shares will be cancelled and destroyed by the Company as soon as is reasonably practicable after the Shares have been acquired.

The Company cannot exercise any right in respect of treasury shares. In particular, the Company cannot exercise any right to attend or vote at meetings; and for the purposes of the Companies Act, the Company shall be treated as having no right to vote in respect of treasury shares and the treasury shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution of the Company's assets may be made, to the Company in respect of the treasury shares. However, the allotment of Shares as fully paid bonus shares in respect of treasury shares is allowed. Also, a subdivision or consolidation of any treasury share into treasury shares of a smaller amount is allowed so long as the total value of the treasury shares after the sub-division or consolidation is the same as before.

The financial effects on the Company and the Group arising from purchases or acquisitions of Shares which may be made pursuant to the proposed Share Buy-Back Mandate will depend on, *inter alia*, whether the Shares are purchased or acquired out of profits and/or capital of the Company, the aggregate number of Shares purchased or acquired, the price at which such Shares are purchased or acquired, whether the Shares purchased or acquired are held as treasury shares or cancelled and the amount (if any) borrowed by the Company to fund the purchase or acquisition.

The financial effects on the Company and the Group, based on the audited financial statements of the Company and the Group for the financial year ended 31 December 2021, are based on the assumptions set out below.

LETTER TO SHAREHOLDERS

Purchase or acquisition out of capital or profits

Under the Companies Act, purchases or acquisitions of Shares by the Company may be made out of the Company's profits and/or capital so long as the Company is solvent.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration (excluding related brokerage, goods and services tax, stamp duties and other related expenses) will correspondingly reduce the amount available for the distribution of cash dividends by the Company. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount available for the distribution of cash dividends by the Company will not be reduced.

Maximum Price paid for Shares purchased or acquired

Based on 854,965,680 Shares in issue, excluding treasury shares held, as at the Latest Practicable Date and assuming that no further Shares are issued on or prior to the AGM at which approval for the renewal of the Share Buy-Back Mandate is being sought, the exercise in full of the proposed Share Buy-Back Mandate will result in the purchase or acquisition of 85,496,568 Shares, representing ten per cent. (10%) of the Shares in issue.

For illustrative purposes only, in the case of an On-Market Purchase by the Company and assuming that the Company purchases or acquires the 85,496,568 Shares at the Maximum Price of S\$0.43 for one Share (being the price equivalent to five per cent. (5%) above the average of the closing market prices of the Shares for the five (5) consecutive Market Days on which the Shares were traded on the SGX-ST immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of the 85,496,568 Shares is S\$36,763,524.

For illustrative purposes only, in the case of an Off-Market Purchase by the Company and assuming that the Company purchases or acquires the 85,496,568 Shares at the Maximum Price of S\$0.49 for one Share (being the price equivalent to twenty per cent. (20%) above the average of the closing market prices of the Shares for the five (5) consecutive Market Days on which the Shares were traded on the SGX-ST immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of the 85,496,568 Shares is S\$41,893,318.

For illustrative purposes only, on the basis of the foregoing assumptions, the financial effects of the purchase or acquisition of such Shares by the Company on the audited accounts of the Company and the Group for the financial year ended 31 December 2021, assuming that the Share Buy-Back Mandate had been effective on 1 January 2022 and that the Company had purchased or acquired all the 85,496,568 Shares (representing ten per cent. (10%) of the Shares in issue but excluding treasury shares) on 1 January 2022, are set out below:-

Notes:-

- (1) The above is calculated on the assumption that the Share Buy-Back by the Group is funded by internal sources of funds.
- (2) NTA equals total equity less intangible assets.
- (3) Gearing equals total borrowings divided by total equity.
- (4) Current ratio equals current assets divided by current liabilities.
- (5) Earnings per Share equals net profit attributable to equity holders of the parent divided by weighted average number of Shares.
- (6) The volume weighted average number of shares after the Share Buy-Back excludes 85,496,568 Shares that are cancelled and is computed based on ten per cent. (10%) of 854,965,680 Shares in issue as at the Latest Practicable Date and assuming that no further Shares are issued on or prior to the AGM at which approval for the renewal of the Share Buy-Back Mandate is being sought.

As illustrated above, the Share Buy-Back will:

- (i) reduce the number of issued Shares of the Company if the Shares bought back are cancelled;
- (ii) decrease the consolidated NTA per Share of the Group; and
- (iii) increase the consolidated earnings per Share of the Group.

LETTER TO SHAREHOLDERS

The actual impact will depend on the number and price of the Shares bought back. The Directors do not propose to exercise the Share Buy-Back Mandate to such an extent that it would have a material adverse effect on the working capital requirements of the Company. The purchase of Shares will only be effected after assessing the relative impact of a Share Buy-Back taking into consideration both financial factors (such as cash surplus, debt position and working capital requirements) and non-financial factors (such as share market conditions and performance of the Shares).

Shareholders should note that the financial effects illustrated above are for illustration purposes only. In particular, it is important to note that the above analysis is based on the audited accounts of the Company and the Group as at 31 December 2021, and is not necessarily representative of the future financial performance of the Group. Although the proposed Share Buy-Back Mandate would authorize the Company to buy back up to ten per cent. (10%) of the Company's issued Shares, the Company may not necessarily buy back or be able to buy back all ten per cent. (10%) of the issued Shares in full. In particular, the Company will not exercise the Share Buy-Back Mandate to such an extent that would, or in circumstances that might, result in a material adverse effect on the financial position of the Company or the Group. In addition, the Company may cancel all or part of the Shares repurchased or hold all or part of the Shares repurchased as treasury shares.

Taxation

Shareholders who are in doubt as to their respective tax positions or any tax implications, or who may be subject to tax in a jurisdiction outside Singapore, should consult their own professional advisers.

2.6 Listing Rules

2.6.1 The Listing Rules specify that a listed company shall report to the SGX-ST not later than 9.00 a.m.:

- (i) in the case of an On-Market Purchase, on the Market Day following the day of purchase or acquisition of any of its shares; and
- (ii) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer.

Such announcement must include, *inter alia*, details of the total number of shares purchased, number of shares cancelled, number of shares held as treasury shares, the purchase price per share or the highest and lowest prices paid for such shares and total consideration (including stamp duties, clearing charges, etc.) paid or payable for the shares, as applicable.

2.6.2 The Company, upon undertaking any sale, transfer, cancellation and/or use of treasury shares, will comply with Rule 704(28) of the Listing Manual, which provides that an issuer must make an immediate announcement thereof, stating the following:

- (i) date of the sale, transfer, cancellation and/or use;
- (ii) purpose of such sale, transfer, cancellation and/or use;
- (iii) number of treasury shares sold, transferred, cancelled and/or used;
- (iv) number of treasury shares before and after such sale, transfer, cancellation and/or use;

LETTER TO SHAREHOLDERS

- (v) percentage of the number of treasury shares against the total number of Shares outstanding in a class that is listed before and after such sale, transfer, cancellation and/or use; and
- (vi) value of the treasury shares if they are used for a sale or transfer, or cancelled.

2.6.3 While the Listing Rules do not expressly prohibit any purchase of shares by a listed company during any particular time or times, because the listed company would be regarded as an “insider” in relation to any proposed purchase or acquisition of its shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the proposed Share Buy-Back Mandate at any time after a price sensitive matter or development has occurred or has been the subject of a decision until the price sensitive information has been publicly announced. In particular, in line with Rule 1207(19)(c) of the Listing Manual, the Company will not purchase or acquire any Shares pursuant to the proposed Share Buy-Back Mandate during the period commencing two (2) weeks before the announcement of the Company’s financial statements for each of the first three (3) quarters of its financial year and one (1) month before the announcement of the Company’s full year financial statements (if the Company announces its quarterly financial statements) or one (1) month before the announcement of the Company’s half year and full year financial statements (if the Company does not announce its quarterly financial statements), as the case may be.

2.7 Listing Status on SGX-ST

Rule 723 of the Listing Manual requires a listed company to ensure that at least ten per cent. (10%) of its total number of issued shares excluding treasury shares (excluding preference shares and convertible equity securities) in a class that is listed is at all times held by public Shareholders. The “public”, as defined in the Listing Manual, are persons other than the Directors, chief executive officer, Substantial Shareholders or Controlling Shareholders of the Company and its subsidiaries, as well as the Associates of such persons.

As at the Latest Practicable Date, approximately 13.92% of the issued Shares of the Company are held in the hands of the public. Assuming that (a) the Company purchases a maximum of ten per cent. (10%) of the issued Shares from such public Shareholders and the Shares bought back are cancelled and (b) the Shares held by the Substantial Shareholders of the Company and the Directors remain unchanged, the resultant percentage of the issued Shares held by public Shareholders would be reduced to approximately 4.36%. Accordingly, the Company would not purchase or acquire more than 37,000,000 Shares (or 4.33% of the issued Shares (excluding treasury shares)) pursuant to the Share Buy-Back Mandate. The Company will not purchase or acquire Shares such that the number of Shares remaining in the hands of the public will fall below ten per cent. (10%) as to cause market illiquidity or adversely affect the orderly trade of the Shares or the listing status of the Company.

2.9 Take-over Code implications from Share Buy-Backs

2.9.1 Obligations to make a Take-over Offer

Under Appendix 2 of the Take-over Code, an increase of a Shareholder's proportionate interest in the voting rights of the Company resulting from a Share Buy-Back by the Company will be treated as an acquisition for the purpose of Rule 14 of the Take-over Code ("**Rule 14**").

Pursuant to Rule 14, a Shareholder and persons acting in concert with the Shareholder will incur an obligation to make a mandatory take-over offer if, *inter alia*, he and persons acting in concert with him increase their voting rights in the Company to thirty per cent. (30%) or more or, if they, together holding between thirty per cent. (30%) and fifty per cent. (50%) of the Company's voting rights, increase their voting rights in the Company by more than one per cent. (1%) in any period of six (6) months.

LETTER TO SHAREHOLDERS

Persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal) co-operate, through the acquisition by any of them of shares in a company to obtain or consolidate effective control of that company. Unless the contrary is established, the following persons will be presumed to be acting in concert, namely (a) a company with any of its directors; and (b) a company, its parent, subsidiaries and fellow subsidiaries, and their associated companies, and companies of which such companies are associated companies, all with each other and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above for the purpose of voting rights. For this purpose, ownership or control of at least twenty per cent. (20%) but not more than fifty per cent. (50%) of the voting rights of a company will be regarded as the test of associated company status. Consequently, a Director and persons acting in concert (as defined in the Takeover Code) with him could, depending on the extent to which his or their interest in the Company increases, become obliged to make a mandatory offer in accordance with Rule 14 as a result of the Company's Share Buy-Back.

The effect of Rule 14 and Appendix 2 of the Take-over Code is that, unless exempted, Directors and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Directors and their concert parties would increase to thirty per cent. (30%) or more, or if the voting rights of such Directors and their concert parties fall between thirty per cent. (30%) and fifty per cent. (50%) of the Company's voting rights, the voting rights of such Directors and their concert parties would increase by more than one per cent. (1%) in any period of six (6) months.

Under Appendix 2 of the Takeover Code, a Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14, if as a result of the Company buying back its own Shares, the voting rights of such Shareholder would increase to thirty per cent. (30%) or more or, if such Shareholder holds between thirty per cent. (30%) and fifty per cent. (50%) of the Company's voting rights, the voting rights of such Shareholder would increase by more than one per cent. (1%) in any period of six (6) months. Such Shareholder need not abstain from voting in respect of the resolution authorizing the Share Buy-Back Mandate, unless so required under the Companies Act.

Based on the shareholdings of the Directors and Substantial Shareholders of the Company as at the Latest Practicable Date, the proposed Share Buy-Back Mandate is not expected to result in any Director or Substantial Shareholder incurring an obligation to make a general offer for the Shares of the Company under Rule 14.

The interests of the Directors and Substantial Shareholders of the Company as at the Latest Practicable Date are set out above in paragraph 2.8 of this Circular.

Shareholders who are in doubt as to their obligations, if any, to make a mandatory takeover offer under the Take-over Code as a result of Share Buy-Backs by the Company are advised to consult their professional advisers and/or the Securities Industry Council and/or other relevant authorities at the earliest opportunity.
