PRESS RELEASE

SINGAPORE FLYER LAUNCHES TIME CAPSULE ATTRACTION

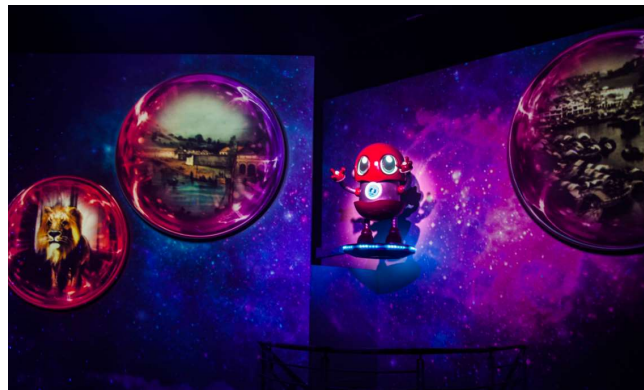

The Board of Straco Corporation Limited (the “Company”) are pleased to announce that Straco Leisure Pte Ltd, operator of the “Singapore Flyer” attraction and a subsidiary of the Company, has launched a new attraction named “Time Capsule” today.

The launch event was graced by Mr Alvin Tan, Minister of State for Trade & Industry, and Culture, Community and Youth. The Time Capsule is an immersive and multisensory attraction, offering guests who visit the opportunity to rediscover the Singapore Story.

A complete Singapore Story

Spanning across two levels, the Time Capsule is a complementary addition to the Singapore Flyer. It draws on the concept of time travel taking guests on a journey through Singapore’s 700-year history. At the end of the journey and upon stepping into the Giant Observation Wheel, guests will be able to witness Singapore’s transformation at the height of 165 metres.

A fun-filled Adventure

Walk down memory lane with R65

Upon entry, be greeted by R65 – a time-travelling robot – tasked with the mission of watching over Singapore and its memories. Through the mascot’s memory orbs, catch a glimpse of Singapore’s history and milestones. Next, embark on your own time travelling adventure starting from the day Sang Nila Utama spotted the legendary lion.
